

Please tell us something about you and your feelings about science

How old are you?
(Colour the ring that is you)

What is your gender?
(e.g. male, female, non-binary, gender fluid etc)

Do you feel at home and comfortable in our science centre?
Choose the picture that best describes how you feel

I'm happy and comfortable

I feel out of place and uncomfortable

Is science an important part of your life?
You may feel a strong connection to music, sport, fashion or socialising but do you also feel connected to science. Is science something for you? Choose the picture that best describes how you feel

Science isn't for me

Science is a big part of who I am

Are you interested hearing about new science discoveries? Do you like to feel up-to-date?

yes a lot no not much
 yes a little no not at all
 neither yes or no

Do you think the child you are with would like to work in science when they're older?

Please tick the box if you agree:

I am happy for my answers to be used in research

I understand that I will not be named or identifiable in any way in this research

I am happy to give my postcode:
